

Entry #17

Name or Description on Memorial: Wilhoite

Type/Color of stone (ex. Granite, Bahama Blue): Barre Gray

Overall height and width: 72" tall x 40" wide

Please write a brief story behind the design, describing the meaning of symbols, shapes and lettering.

Mr. Wilhoite was the president of the Indiana Monument Builders and worked in his family monument business in Muncie, Indiana for many years. Designing this memorial was our gift of love and appreciation to his family. The design celebrates his love for nature and his appreciation for hand carved Barre Gray monuments which he admired in Hope Cemetery in Barre, VT.
